

RL-STR -WS2811-3939RGB-12V

Advantages

- 1) High brightness of over 1600mcd
- 2) Dc12V working voltage-can make 200pcs led with one power input.
- 3) Led type: 3939 RGB led lamp with copper bracket and gold wire
- 4) Low working voltage requires
- 5) Good brightness and good shape -can light up a good lighting effect
- 4) Very lower output power : 0.06W/pcs
- 5) Easy to control, controlled by standard SPI protocol(ws2811 ic)
- 6) Cutting unit every 1 led
- 7) Controller system: Art-net, Off-line or on-line TTL led controller

Parameter

Model	RL-STR-WS2811-3939RGB--12V (5V optional)
Lighting Source	3939 RGB Digital LED CHIP
Working Voltage	DC12V
Output Power	0.06Watt per led
Pixel pitch	1.25cm/3cm / 5cm/ 10cm/ 15cm (optional)
LED Quantity/M	10 LEDs per meter(customized led quantity optional)
Luminance (mcd)	1600MCD per led
IC chip	WS2811
Waterproof Grade	IP65
Cable colour	Clear / Green /Black (optional)
Warranty	3 Years

Packaging

Application

- Remotely control home appliances from anywhere
- Easy to connect with blue-tooth
- Inter-work, can work multiple smart devices.
- Easily and quickly connect Tuya Smart App to devices
